A bound copy of a year is a tough task to achieve; yet our Yearbook staff, under the supervision of Ms. Brewer, worked tirelessly to make this a tangible reality. I am grateful for their efforts.

As you thumb the pages of this Decussata, I hope it brings back a flood of memories met with smiles, laughs, and sentimentality. It seems as if fewer and fewer students know the name of our yearbook. The Decussata is synonymous with the Cross of St. Andrew which takes the shape of an X. While we can certainly connect this imagery to our school's namesake, the image of an X is fitting for a yearbook. Thinking to our younger days when we were taught that X marks the spot, we know this book is meant to be an encapsulation of our memories for the 2019-2020 school year. From seeing a group of friends at Formation Day, a game-winning point or goal at a conference title, an average day in the classroom of a favorite teacher, images from Kairos 18 and 19, or celebrating mass together, X marks the spot. X marks the spot to remind us of our joy, pride, accomplishment, struggle, and friendship. X marks the spot to remind us of our commitment to faith, learning, leadership, and service.

For so many of us, March 13, 2020 will be remembered as a tougher day in our school community. We said goodbye to one another thinking that we would be away from each other for a few weeks, at most. Unfortunately, due to the spread of COVID-19 and the precautionary measures of self-isolation enacted by the State of Indiana, we did not return to campus and completed the school year virtually. The detachment from our community showcased to many of us how truly unique and special we are to one another. Now more than ever, we realize that a building is but a shell without it's people comfortably in place. The joy, pride, accomplishment, struggle, and friendship of an institution is dependent on the people busily walking the halls, sitting in the cafeteria, and running on the court or field. Without that and without you, we aren't whole. Our school community took a hit on March 13 and didn't fully recover. We didn't get to conclude in our traditional manner; we didn't get to say goodbye in the way we are accustomed to. But we learn lessons from that to inspire us and jettison us forward. This book hopes to do just that. X marks the spot of where we have been and where we will now go.

Andrean is a family. As they say "A Family that Prays Together Stays Together." This has proven to be true throughout the years, especially at Christmas mass. This is when many Andrean Alumni come to celebrate mass as they once did when they were in school.

Staying Busy

To stay busy I have been playing board games with my family and watching tv.

To stay busy I watched a lot of shows and movies on Hulu.

I have been driving around the region, playing video games, spending time with family, and talking to my friends.

I have been staying positive by focusing on a good diet and lifting weights often.

I have been exercising, hiking, started to cook, and adopted a new kitten

I've been going for runs and bike rides, and keeping in contact with friends.

CAPITOL HILL HAPPENINGS

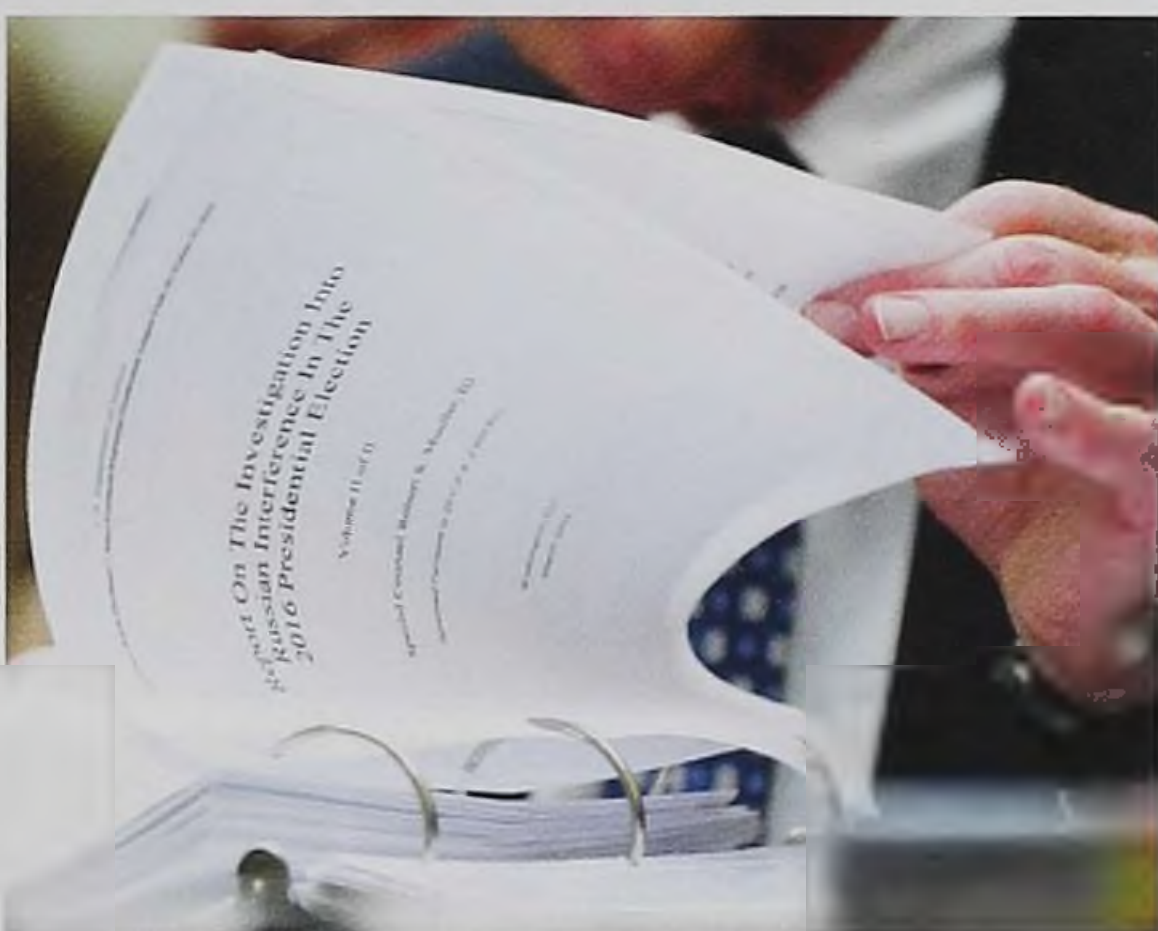

DONALD TRUMP DELIVERED the State of the Union address on Feb. 4, marking the conclusion of the third year of his presidency. Trump highlighted what he called "the Great American Comeback," focusing on topics such as the economy and low unemployment rates. His speech included a reunion between a soldier returning from Afghanistan, Sgt. 1st class Townsend Williams, and his family. He also awarded radio talk show host Rush Limbaugh the Presidential Medal of Freedom. The following day, the Senate found Trump not guilty of abuse of power and obstruction of a congressional investigation. The impeachment process had begun on Sept. 24 when House Speaker Nancy Pelosi announced a formal impeachment inquiry. Public hearings began in November. On Dec. 18, the House voted to impeach Trump and on Jan. 16 formally presented two articles of impeachment to the Senate.

PRESIDENT TRUMP CELEBRATED Senate approval of the U.S.-Mexico-Canada Agreement (USMCA) by a vote of 89-10 on Jan. 16. The trade pact received similar bipartisan support in the House in December. Trump and his team negotiated the USMCA to replace the North American Free Trade Agreement (NAFTA), which went into effect Jan. 1, 1989.

FOR THE FIRST TIME IN HISTORY, the Dow Jones Industrial Average, went above 29,000 points. In other positive economic news, the Bureau of Labor Statistics released its monthly Employment Situation Report. The household survey showed that the unemployment rate fell to 3.5 percent in September, marking the 19th consecutive month at or below 4 percent unemployment. At 3.5 percent, the unemployment rate was the lowest it had been since May 1969, according to the report.

PLEADING NOT GUILTY, actress Lori Loughlin was one of several people who were arrested and charged in connection with a college admissions scandal. In March 2019, the Department of Justice announced that more than 50 individuals had been charged with allegations including cheating on standardized admissions tests and bribing admissions personnel. Actress Felicity Huffman spent 11 days in jail for her part in the scandal. **IN APRIL 2019**, the Report on the Investigation into Russian Interference in the 2016 Presidential Election (more commonly known as the "Muller Report") was released to the public, although heavily redacted. Volume I of the report said that there was not sufficient evidence that the president's campaign "coordinated or conspired with the Russian government in its election-interference activities." Volume II of the report dealt with obstruction of justice and said that it, "does not conclude that the President committed a crime." However, it also said, "it also does not exonerate him."

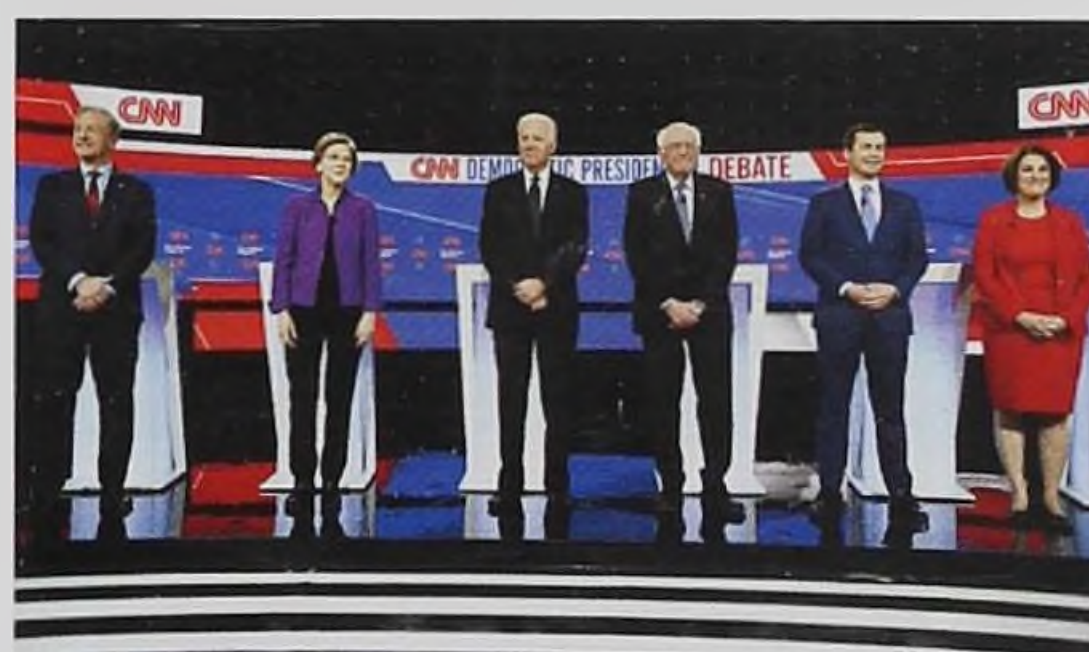

CAUSING A BUZZ

AS A JOKE, 21 year-old college student, Matty Roberts, posted a meme on Facebook about storming Area 51, and the meme went viral. Within days, nearly a million people had signed on to the event. But on Sept. 20 (the day of the planned event) only about 3,000 people actually attended. Because the military prepared for large crowds, the event was mostly without incident. Area 51 is the common name of a highly classified U.S. Military Installation in Nevada, which is the focus of many modern conspiracy theories involving aliens, due to its secretive nature and connection to classified aircraft research.

MEASLES MOMENT

DESPITE BEING DECLARED ELIMINATED in 2000 by the Centers for Disease Control, the U.S. experienced an outbreak of measles in 2019. By October, more than 1,250 cases of the disease had been confirmed in 31 states. More than 75 percent of the cases were linked to outbreaks in New York, and the majority of the cases were among people who had not been vaccinated.

PRIMARY PROCEEDINGS

FOLLOWING THE DEMOCRATIC PRESIDENTIAL DEBATE

in Des Moines, candidates Tom Steyer, Senator Elizabeth Warren, former Vice President Joe Biden, Senator Bernie Sanders, Mayor Pete Buttigieg and Senator Amy Klobuchar officially entered the primary season on Feb. 3, 2020, which started with the Iowa caucus. The Democratic field for president was one of the most diverse and expansive in history. Within the original field of 30 candidates, there was a 40-year age difference. The eldest candidate was Sanders at 78, and the youngest were Buttigieg and Tulsi Gabbard at 38. The original field also included Asian-American candidate Andrew Yang, African-American candidates Deval Patrick, Kamala Harris and Wayne Messam, as well as five female candidates.

'CLIMATE CRISIS'

A MASSIVE ICEBERG that was bigger than Los Angeles, broke off the Amery Ice Shelf in Antarctica in October. It was the largest in more than 50 years. Named D-28 by scientists, it was 632 square miles, as tall as a 58-story building and weighed 315 billion tons. Because of its size, it had to be tracked as it could pose a hazard to shipping. **ELEVEN THOUSAND SCIENTISTS** from 153 nations, in a statement published in the journal Bioscience, warned that the world's population will face "untold suffering due to climate crisis" unless there are major transformations to global society. The statement read, "We declare clearly and unequivocally that planet Earth is facing a climate emergency. To secure a sustainable future, we must change how we live. [This] entails major transformations in the ways our global society functions and interacts with natural ecosystems." Lead author of the statement, Prof. William Ripple of Oregon State University, said he was driven to initiate it by the increase in extreme weather he was seeing.

LANDSCAPES THAT WERE ONCE TOO COLD for some insects to survive had been warming up, allowing many species to expand their ranges. Since the 1970s, insects in the warmer half of Britain had been moving northward at an average rate of around five meters per day.

ASPRIN CAN HELP YOUR LUNGS according to a study from Columbia, Harvard and Boston universities. The study provided evidence that nonsteroidal anti-inflammatory drugs (NSAIDs), like aspirin, may lessen the adverse effects of air pollution exposure on lung function. Researchers found use of any NSAID reduced the effect of particulate matter on lung function by nearly one half. **IN A RARE DISCOVERY**, researchers found five new bird species and five new subspecies in three small island groups off Sulawesi, Indonesia. (Common warbler pictured.)

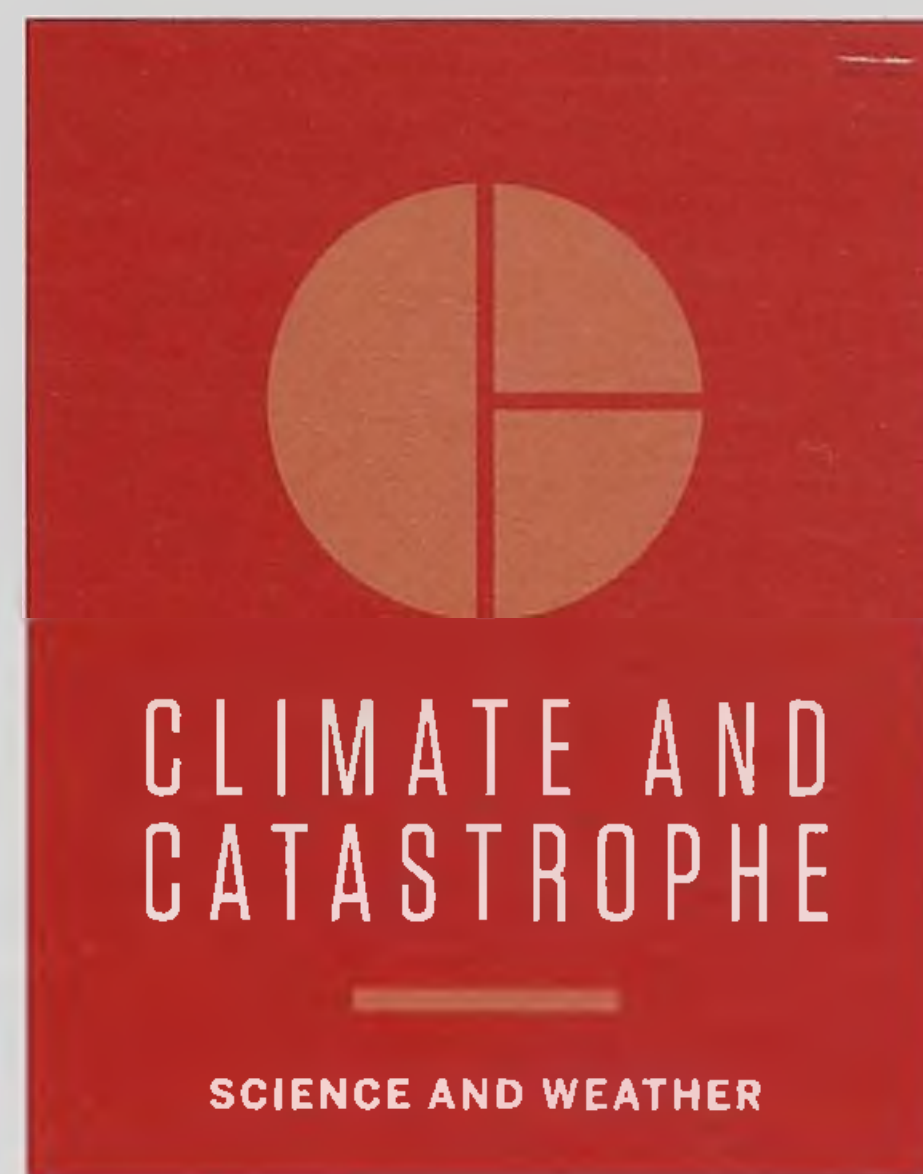

EVEREST THAW

PLANT LIFE EXPANDED in the area surrounding Mount Everest, according to new research from the University of Exeter, which supported global warming theories. Using data from 1993 to 2018 from NASA's Landsat satellites, researchers measured small but significant increases in subnival vegetation, plants capable of growing underneath snow.

BUSHFIRES IN AUSTRALIA RAGED across the New South Wales territory September through January burning an estimated 21 million acres, destroying more than 2,500 buildings and killing 25 people as of Jan. 5. Smoke could be seen from as far away as New Zealand. Experts estimated that more than a billion animals — many unique to Australia — were affected or killed by the fires. Gusty, fickle winds, bone-dry air, dozens of already burning blazes and unusually high temperatures combined to elevate wildfire risks to "catastrophic levels," according to the New South Wales Rural Fire Service and the country's Bureau of Meteorology. The bushfires were regarded by the NSW Rural Fire Service as the worst bushfire season in memory.

TEEN TRIUMPH

WITH A NEW METHOD for removing microplastics from water, Irish 18-year-old Fionn Ferreira won the Google Science Fair and \$50,000. Microplastics are tiny particles often included in soaps, shower gels and scrubs to exfoliate skin. They can also come off of fabric during washing. They make their way through filters and into water where they become concentrated in fish that humans consume. The Google Science Fair launched in 2011 and was open to teens 13–18. It was also sponsored by LEGO, Virgin Galactic, National Geographic and Scientific American.

DORIAN'S DAMAGE

A CATEGORY 5 STORM, Hurricane Dorian hit Grand Bahama Island Sept. 2 then stalled, dumping an estimated three feet of rain and lashing the island with its 185-mile-per-hour winds before finally pulling away from the island on Sept. 3. Damage was estimated at more than \$3.4 billion, and there were at least 61 deaths in the country. Another 282 people were listed as missing.

WHAT IN THE WORLD

GLOBAL TOPICS AND CONCERNS

CHANGE IN ASIA

MILLIONS OF DEMONSTRATORS marched in Hong Kong in June 2019.

They were protesting the Hong Kong government's proposal to change the extradition law. While the government eventually backed down and announced it would suspend the bill, protests continued amid complaints that the government could reinstate it whenever it wished to do so.

FOR THE FIRST TIME in more than two centuries, an emperor of Japan stepped down from the Chrysanthemum Throne. Emperor Akihito abdicated his title in June 2019, which marked the end of the Heisei era and, a day later, his son was pronounced the new emperor, beginning the Reiwa era.

ONE OF THE FINEST EXAMPLES of French Gothic architecture, the 850-year-old Notre-Dame Cathedral in Paris, suffered major damage on April 15, 2019, when a fire broke out during renovations. The iconic spire and a large part of its roof were destroyed in the fire. Pledges to support the reconstruction of the landmark topped \$1 billion. **IN ONLY THE SECOND CASE** of its kind, a stem cell transplant made a London patient's HIV "undetectable." Doctors reported that he was in remission for 18 months and stopped taking HIV drugs. Although experts suggest it was too early to say he was completely cured, this marked a step closer to finding a cure. **DRUG LORD JOAQUIN 'EL CHAPO' GUZMAN** was found guilty by a New York jury, in February 2019, on all counts of drug trafficking, money laundering and murder. He was sentenced to life in prison and was taken to ADX Florence, a supermax prison in Colorado, where it was hoped the location would prevent any escape attempts in the future. **AVIATION AUTHORITIES** from around the globe decided to ground the Boeing 737 MAX in March 2019 after two separate accidents killed 346 people. In each accident, the plane experienced repeated nose dives during which the pilots were unable to control the aircraft. Boeing estimated the total costs for the grounding to be \$18.6 billion.

BRITISH BREAKDOWN

AFTER PRIME MINISTER Theresa May resigned over an inability to secure a lasting Brexit deal with the European Union, Boris Johnson was elected Prime Minister with a convincing victory over his competitor, Jeremy Hunt. One of Johnson's promises was to get a Brexit deal done by Oct. 31. While that didn't happen, a vote did occur in December. Officially, Britain left the EU on Jan. 31, 2020.

SEVENTH IN LINE for the British throne, Archie Harrison Mountbatten-Windsor was born on May 6 to Prince Harry and Meghan, Duke and Duchess of Sussex. In January, the royal couple announced they intended to "step back" as senior members of the royal family and divide their time between North America and the UK.

CANADA HELD ITS 43RD GENERAL ELECTION in October and the Liberal Party, led by Justin Trudeau, won 157 seats to form a minority government, losing the majority they had won in the 2015 election. This marks only the second time in Canada's history that the governing party will form a government while receiving less than 35 percent of the national popular vote.

ARMS AMENDMENT

IN THE WAKE of the March 15, 2019, mosque shootings in Christchurch, New Zealand, which left 51 people dead and 49 injured, New Zealand Prime Minister Jacinda Ardern announced gun laws would change. On April 10, the Arms Amendment Act of 2019 passed, banning semi-automatic firearms, magazines and parts. A buy-back program was included.

INTERNATIONAL ISSUE

A CORONAVIRUS, which had its beginning in the city of Wuhan, China, spread worldwide. Within a matter of weeks, the virus had overtaken the 2003 SARS epidemic, and on Jan. 30 the World Health Organization had declared the coronavirus a public health emergency of international concern. Nearly 500 were reported dead as of February.

YOUTHFUL VOICE

TIME MAGAZINE'S person of the year, Greta Thunberg, a 17-year-old climate activist, paid a visit to the Americas in August. She traveled to the U.S. on a 60 ft. racing yacht equipped with solar panels and underwater turbines, an example of carbon neutral transportation. While in the U.S., Thunberg spoke at the United Nations and participated in numerous climate protests in more than eight cities across North America.

GAMER GEAR

THE RAZER KISHI was voted the most popular new gadget at the 2020 Consumer Electronics Show. The Kishi plugged directly into Androids or iPhones and turned the device into a gamepad. The Kishi came with a "universal fit" thanks to its Gamevice belt on the back, which stretched to accommodate most smartphones. When players were done with the controller, the belt could be tucked away as the two halves clamped together.

GIANTS STUMBLE

SERVER OUTAGES from major corporations controlling massive amounts of data popped up all over in 2019. In May and June, cloud services for Microsoft, Google and Cloudflare experienced multi-hour outages. In July, Slack, the popular collaboration platform, suffered disruptions, forcing workers to find alternative ways to communicate, such as actually having to talk to each other.

FACEBOOK AGREED to pay a \$5 billion penalty to settle Federal Trade Commission allegations that the social media company mishandled user privacy practices and lost control over huge amounts of user data. The record fine was the most visible example of a growing wave of scrutiny and anticipated investigations of tech giants, such as Facebook, Amazon, Google and Apple in areas such as privacy and antitrust actions.

NASA ASTRONAUTS Christina Koch and Jessica Meir (pictured) made the first ever all-female spacewalk together. The two replaced a battery charge/discharge unit that failed to activate after new lithium-ion batteries were installed outside the International Space Station.

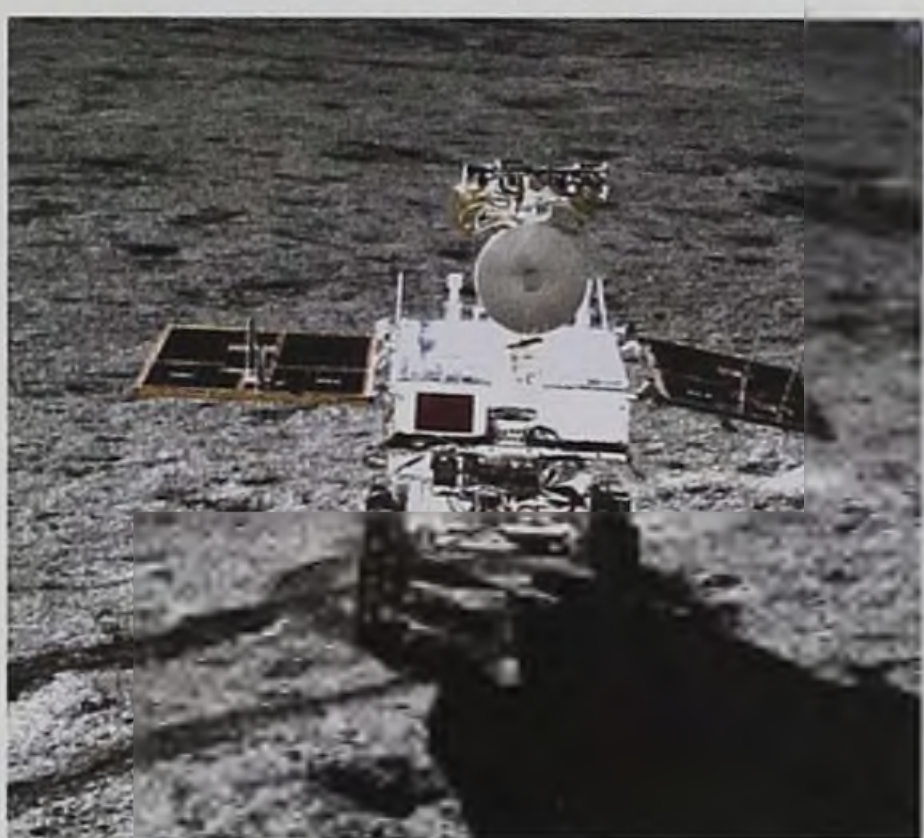

EARTH AND MARS have a common characteristic: salt lakes that have gone through wet and dry periods. An international team of scientists, including a researcher from Texas A&M University, identified the similarities between Earth and Mars' Gale Crater, an immense 95-mile-wide rocky basin that is being explored with the NASA Curiosity rover as part of the Mars Science Laboratory mission.

DEEP DARK SPACE

THE FIRST IMAGE OF A BLACK HOLE was revealed by Chinese astronomers. The black hole, located in the heart of the Messier 87 galaxy, is 500 million trillion kilometers away and is nearly 3 million times larger than Earth. For reference, Earth's sun is only about 1.3 million times the size of Earth.

PRIVATE SPACE TRAVEL through SpaceX, an American company owned by Elon Musk, came closer to actually launching a rocket with passengers as it successfully completed a test of its capsule. SpaceX needed to still pass static fire tests, which would allow astronauts to escape in an explosion or launch problem. Boeing also had a competing spacecraft, the Starliner, which successfully tested its launch abort system in the New Mexico desert in early November. **CHINA BECAME THE FIRST NATION** to successfully soft-land a spacecraft on the far side of the moon. The far (dark) side of the moon never faces Earth, so any mission there required a relay satellite. The mission's goal was to study the age and composition of the far side and get more information about the early solar system.

FINAL FRONTIER

CREATING A NEW MILITARY SERVICE called the U.S. Space Force, President Trump signed the National Defense Authorization Act into law in December. The first new branch of the military established since 1947, Space Force was organized within the Department of the Air Force. Gen. John "Jay" Redmond was the first commander.

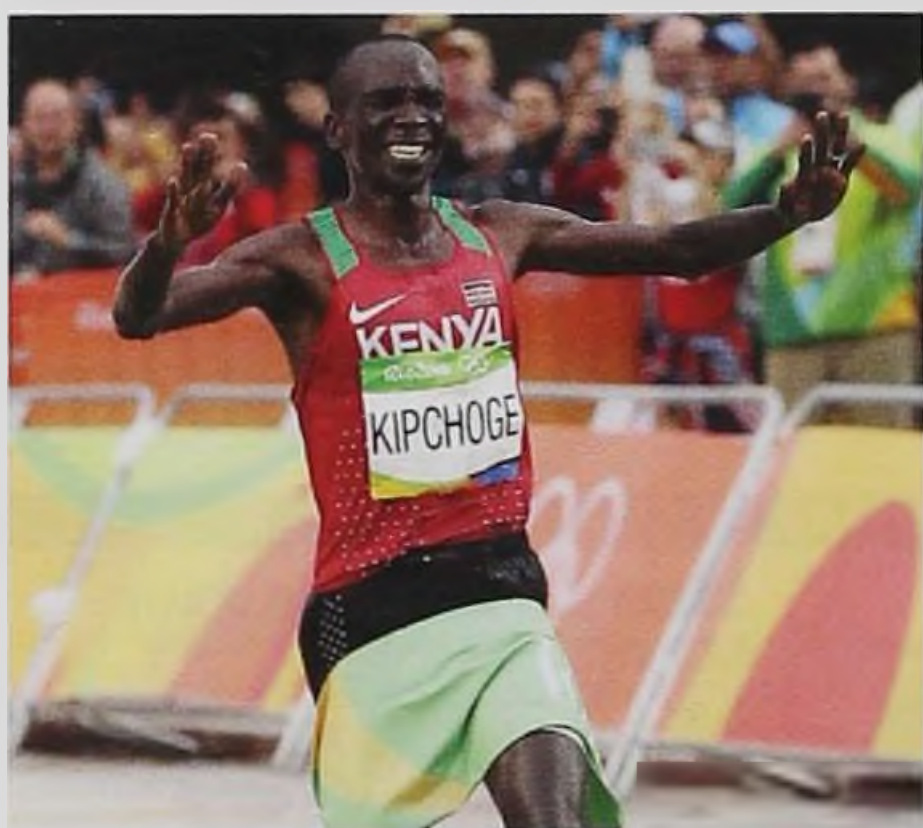

THE FORCE IS STRONG

IN A DEAL worth up to \$10 billion, the Department of Defense awarded the much-contested JEDI (Joint Enterprise Defense Infrastructure) cloud contract to Microsoft in October 2019. The 10-year project would transform and modernize the military's computing systems. Competitors Amazon, IBM and Oracle had also been in the running for the contract, and, in February 2020, Amazon's lawyers convinced a federal judge to put a temporary hold on the contract, citing bias. Earlier in the year Oracle had filed suit, arguing that the contract should not be awarded to a single vendor and that they believed Amazon Web Services had recruited government officials to influence the award.

THE KANSAS CITY CHIEFS, led by 24-year-old quarterback Patrick Mahomes, scored 21 points in the final quarter of Super Bowl LIV to secure the team's first Super Bowl win in 50 years. Mahomes, who earned MVP honors, joined Ben Roethlisberger and Tom Brady as the only quarterbacks to win the Lombardi Trophy before their 25th birthdays. Kansas City coach, Andy Reid, collected his first Super Bowl victory. Opposing quarterback, Jimmy Garoppolo, who had won two previous Super Bowls as backup quarterback for the New England Patriots, suffered his first Super Bowl loss.

FOCUS ON FIRSTS

IN OCTOBER, Kenyan marathoner Eliud Kipchoge became the first human to run a marathon-distance event in under two hours. It was not an official marathon, however, as there were no other participants, and Eliud ran behind a team of other runners who formed a wind-blocking formation in front of him. At the Rio Olympics in 2016, he took the gold medal in the marathon.

BIANCA ANDREESCU OF CANADA and Rafael Nadal of Spain became the 2019 U.S. Open tennis champions. It was Rafael's fourth U.S. Open title and Bianca's first, as well as the first time a Canadian won a Grand Slam tournament.

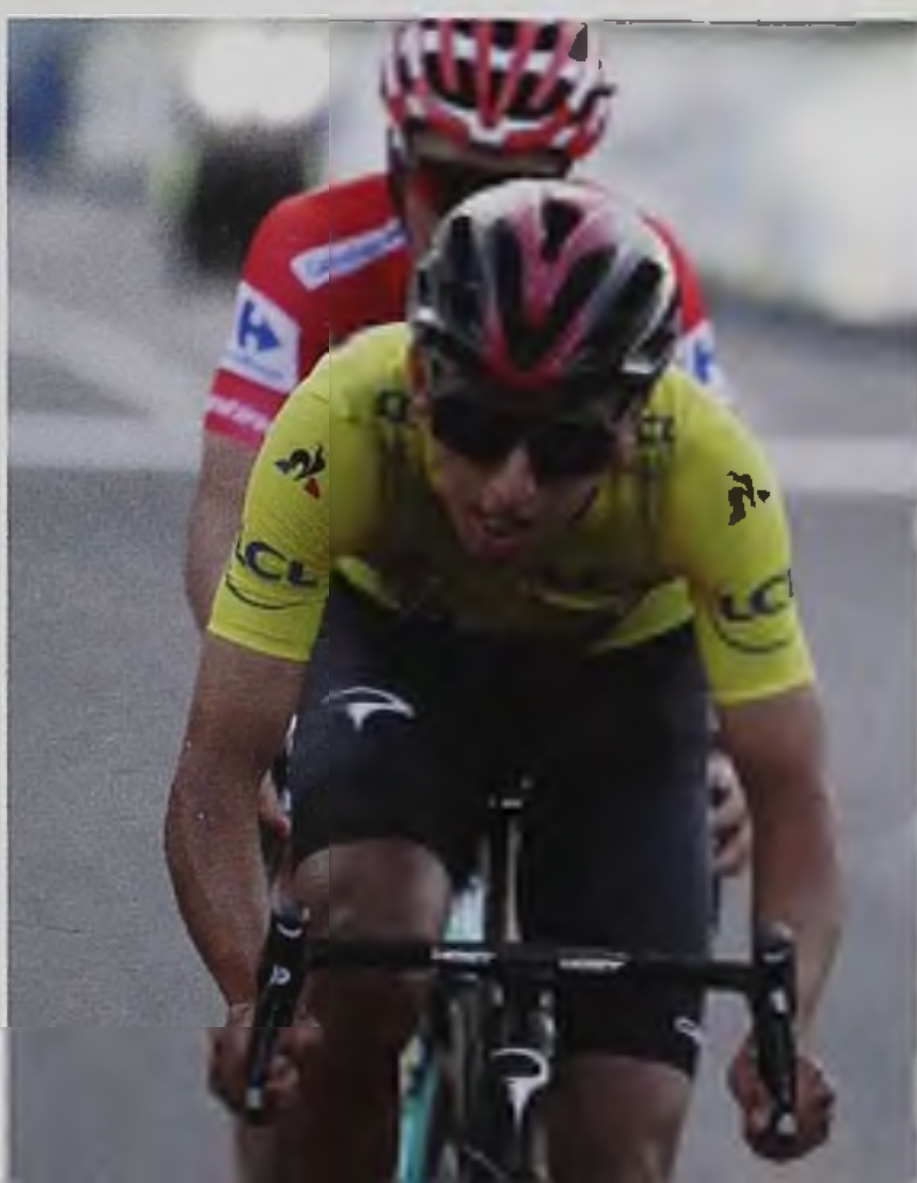

IN JANUARY 2020, a helicopter crash near the southern California town of Calabasas killed basketball legend Kobe Bryant, along with eight other passengers, including his daughter, 13-year-old Gianna. Considered one of the all-time greatest basketball players, Bryant won five NBA titles with the Los Angeles Lakers and retired in 2016 after scoring 60 points in his final game. **TAKING HOME A HISTORIC FOURTH WIN**, the U.S. Women's Soccer Team claimed the World Cup in July. Controversy followed when the team filed a gender discrimination lawsuit against the U.S. Soccer Federation contesting low pay compared to the U.S. Men's National Team. **IN A HARD-FOUGHT SEVEN-GAME SERIES**, the St. Louis Blues triumphed over the Boston Bruins in the NHL finals. While it was the Blues' fourth time in the Stanley Cup Finals, it was the first time they ever won the championship. **WITH A 6-2 WIN** over the Houston Astros, the Washington Nationals won the World Series in October, the first championship in the franchise's history. The team entered the postseason as a wild card team, beating both the Los Angeles Dodgers and the St. Louis Cardinals to advance.

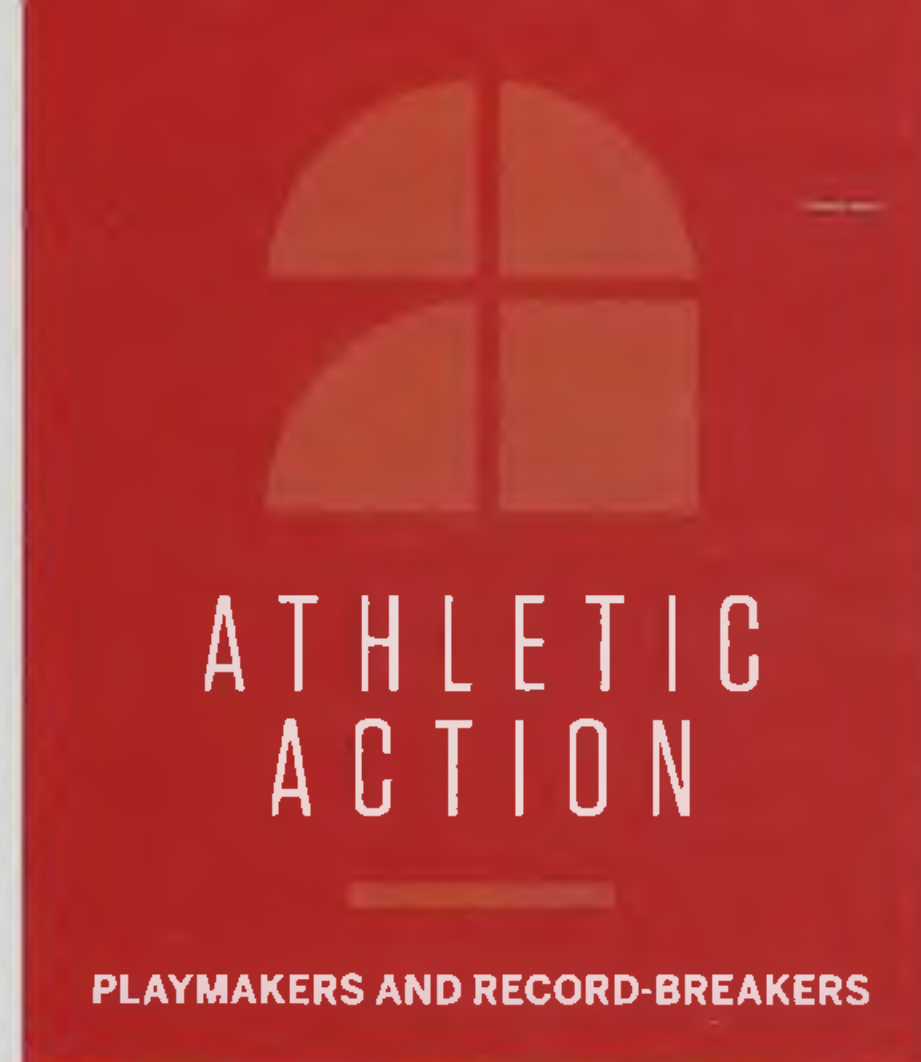

GRIDIRON GREATS

THE UNDEFEATED Louisiana State University Tigers took on the undefeated Clemson Tigers and won the College Football Playoff national championship 42-25 in New Orleans on Jan. 13. LSU quarterback Joe Burrow broke the single-season passing touchdown record during the game (he finished with 60), and the win broke Clemson's winning streak after 29 games. Burrow capped his Heisman-winning season with impressive stats for the game. 463 passing yards, 58 rushing yards and six total touchdowns.

THE YOUNGEST RIDER TO WIN the Tour De France in 110 years, Egan Bernal, 22, was also the first Latin American to win the race. Bernal was promoted to lead rider for his team when team leader Chris Froome was injured in a crash. Bernal took the lead in the 19th stage.

HARDCOURT HEROES

AFTER A GAME SEVEN BUZZER-BEATER, the first in NBA playoff history, the Toronto Raptors advanced to the NBA Finals. The team then beat the Golden State Warriors four games to two. It was the first championship in the Raptors' history. **UNIVERSITY OF VIRGINIA**, just one year after becoming the first No. 1 seed to ever lose to a No. 16 seed in the NCAA basketball tournament, won the national championship in 2019. They held off Texas Tech to win 85-77 in overtime.

HEADLINE GRABBERS

AT THE MTV VMAS, Taylor Swift was awarded top video of the year for "You Need to Calm Down." Swift was named artist of the decade by the American Music Association in 2019. She was also nominated for three Grammys. **FORBES ANNOUNCED** that Rihanna had a \$600 million net worth, which made her the world's wealthiest female musician. In addition to her recording career, she had the Fenty clothing and makeup lines.

SUPER SINGERS

THE 2020 SUPER BOWL HALFTIME SHOW featured performers Shakira and Jennifer Lopez. The selection of the two Latina pop icons was deemed a perfect fit for Super Bowl LIV since the game was held in Miami.

WITH A HISTORIC SWEEP, 18-year-old singer Billie Eilish took the four biggest prizes at the 2020 Grammy Awards: best new artist, record of the year, album of the year and song of the year. She was the youngest solo performer to ever win album of the year. She also became the first woman and second person ever to win record of the year, album of the year, song of the year and best new artist in the same year.

TIME MAGAZINE'S Entertainer of the Year, Lizzo, received eight Grammy nominations, more than any other artist. Her relentlessly-positive, often bawdy performances and lyrics earned her three Grammy awards.

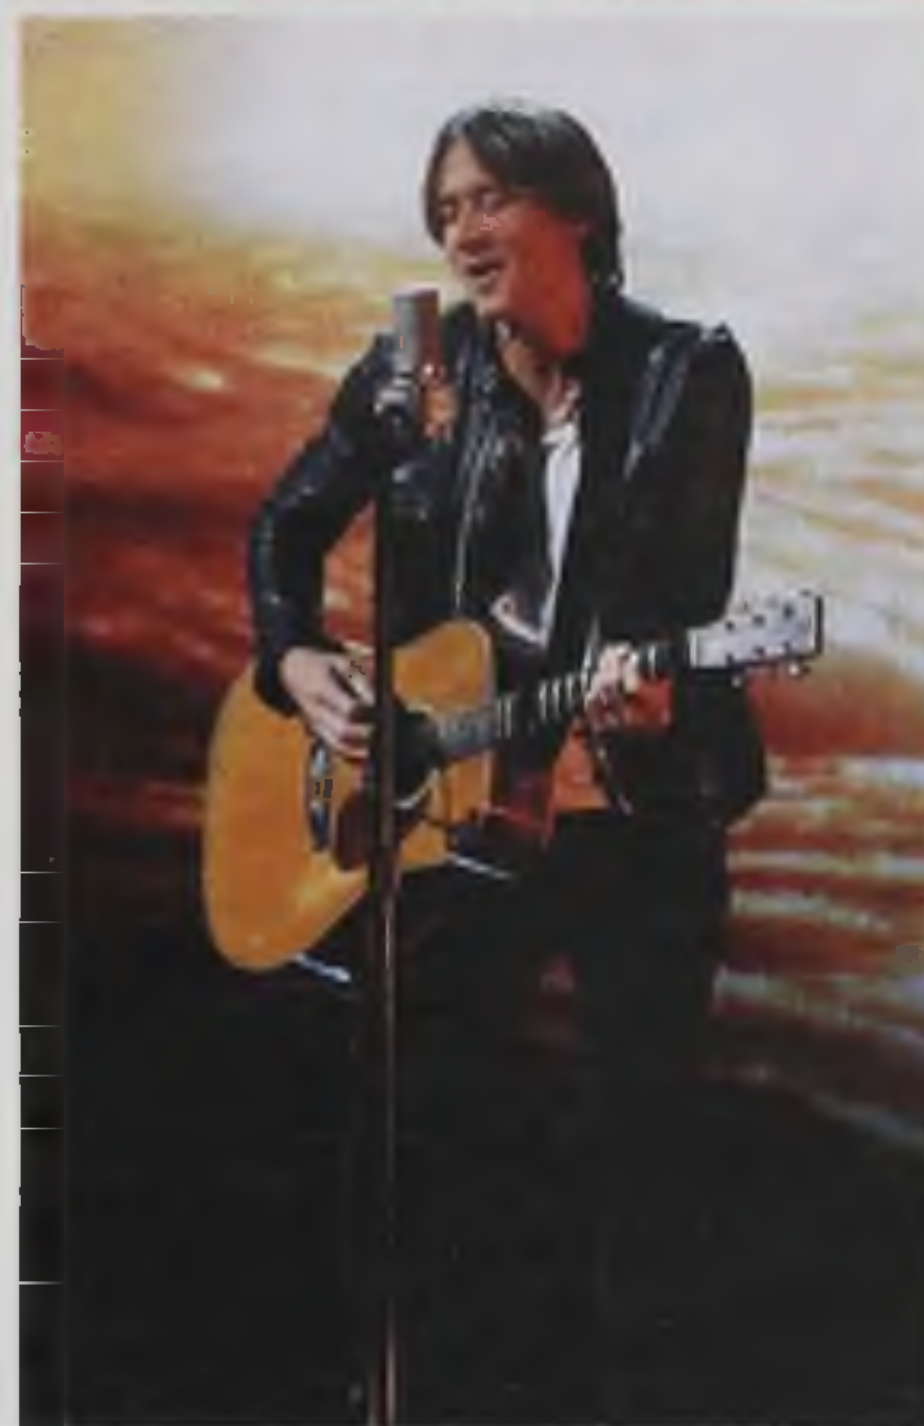

LIL NAS X MADE IT INTO THE RECORD BOOKS in 2019 with his hit single, "Old Town Road." The song, featuring Billy Ray Cyrus, charted at No. 1 on the Billboard Hot 100 for the 17th consecutive week to become the longest running No. 1 on the chart ever. It also won best pop duo/group performance and best music video at the Grammys.

NINTH TIME'S A CHARM

AFTER BEING NOMINATED

nine times for the Academy of Country Music's entertainer of the year and never winning, Keith Urban broke that streak in 2019. The Australian country music star took home the trophy at the ACM Awards in April 2019. "I've been nominated nine times, and at some point, I came to terms and accepted that the nomination is the award," he told reporters after the win. "I don't know how things go that way sometimes. I love what I get to do and put everything into it, and I know all the others do, too, so thank you."

ARIANA GRANDE MADE HISTORY

in February 2019 by becoming the first act to land the No. 1, 2 and 3 spots simultaneously on the Billboard Hot 100 chart since The Beatles did it in 1964. She was also the first solo act to ever achieve this feat. Ariana's top three were "7 rings," "break up with your girlfriend, i'm bored" and "thank u, next."

BATTLE BUDDIES

THE VIDEO GAME "FORTNITE," initially released in 2017, had become a cultural phenomenon by 2019 after nearly 250 million players had downloaded "Fortnite Battle Royal." Unlike many games, downloading was free, and it was available on any gadget that would run a video game. Epic Games also developed organized esports competitions around the game, such as the inaugural \$30 million Fortnite World Cup tournament, which took place in July.

NUMBER GAMES

WITHIN JUST THE SECOND WEEKEND of its release, "Avengers: Endgame" became the fastest movie ever to reach the \$2 billion mark. It toppled the ticket sales of "Titanic," which stood at \$2.18 billion, in 11 days and by the end of July (the film was released in May) "Endgame" had sales of \$2.79 billion, surpassing the previous all-time leader in sales, "Avatar," (\$2.78 billion). **WITH A RECORD 32 NOMINATIONS,** "Game of Thrones" had the most mentions at the 71st Emmy Awards.

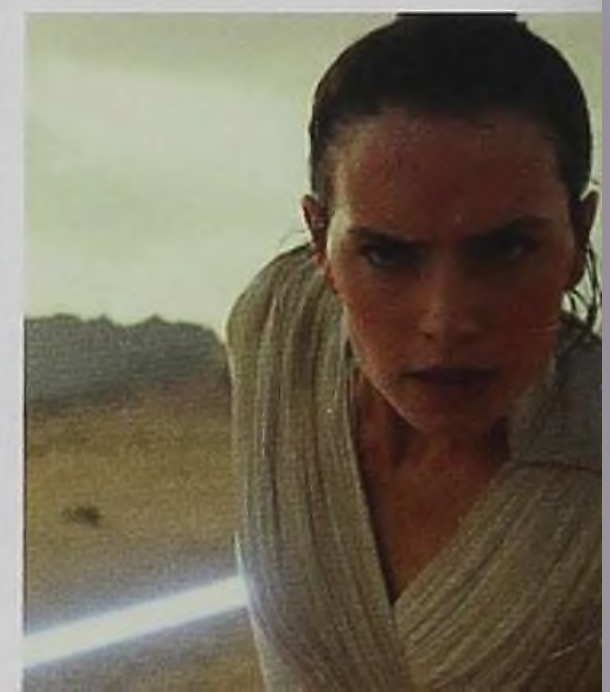

TOUGH TREBEK

WITH NO PLANS TO RETIRE, game show host Alex Trebek announced on March 6, 2019, that he had been diagnosed with stage 4 pancreatic cancer. While juggling periods of near remission and chemotherapy, Trebek hosted the "Greatest of All Time" tournament and the "Tournament of Champions."

FOR THE FIRST TIME IN ITS HISTORY, the Academy of Motion Picture Arts and Sciences named a foreign film as best picture. At the 92nd ceremony in February, the South Korean film "Parasite" also won best director (Bong Joon Ho), best original screenplay and best international film.

THE CHILD, AKA BABY YODA, was the real sweetheart of the screen. The Star Wars character made his appearance in "The Mandalorian," a new Disney+ series, but isn't actually a young version of Yoda. While The Child is the same species as Yoda, his role remained somewhat of a mystery. There are no spoilers here, or at Disney, which decided to hold off on releasing toys and swag until after the series launched.

STREAM TEAM

Both Disney and Apple rolled out new streaming services in 2019 to compete with Netflix and HBO. Apple's service, called Apple TV+, and Disney's service, called Disney+, each offered exclusive and original content for a similar monthly fee.

BOX OFFICE BUSTERS

"Avengers Endgame"

"The Lion King"

"Toy Story 4"

"Frozen II"

"Captain Marvel"

IN "A BEAUTIFUL DAY IN THE NEIGHBORHOOD," Tom Hanks portrayed beloved TV personality Mr. Rogers and brought a message of forgiveness, acceptance and kindness to the fall 2019 movie line-up. Based on a true story, the film was praised by audiences. It received nominations at the Golden Globes, Critics' Choice, Screen Actors Guild Awards, BAFTA Awards and the Academy Awards. **THE FINAL INSTALLMENT** in the Star Wars movie saga, "The Rise of Skywalker," was released in December. The film included appearances from several members of the original series, including Mark Hamill as Luke Skywalker, Billy Dee Williams as Lando Calrissian and Carrie Fisher as Leia Organa. Fisher, who died in late 2016, appeared through the use of unreleased footage from previous movies.

FLIP OR FLOP? Two phones with foldable screens, the Galaxy Fold and Huawei Mate X, became available to the general public in 2019. At nearly twice the price of other smartphones, the Galaxy was meant to provide the features of a slim phone when folded, but reveal a more tablet-like experience when unfolded. The initial launch of the Galaxy Fold met with some troubles when early reviewers got the phones and tried to peel what they thought was a protective film off of the phone's double screen, but in fact they were damaging the actual screen.

CLASSIC BLUE, or Pantone 4052, was chosen as the Pantone Color Institute's color of the year in 2020. In making the choice, the team drew upon art, fashion and home goods. Living Coral and Ultra Violet were the colors 2019 and 2018, respectively.

WITH MORE THAN 1.5 BILLION DOWNLOADS and 500 million active users worldwide, TikTok skyrocketed in popularity. The short-form video app was most popular with 16- to 24-year-olds and had the highest number of users in India and China. It was also one of the few leading social media apps not owned by Facebook. Some in the U.S. raised concerns regarding the app's roots in China and how much access and influence the Chinese government had to TikTok's user data. The app was a social networking service where users shared videos covering a wide range of categories, including lip syncing, comedic skits and viral challenges.

FULL TEXT OF THE POPE FRANCIS' MESSAGE ON GEORGE FLOYD

June 3, 2020 general audience at the Vatican

I greet the English-speaking faithful joining us through the media.

Dear brothers and sisters in the United States, I have witnessed with great concern the disturbing social unrest in your nation in these past days, following the tragic death of Mr George Floyd.

MY FRIENDS, WE CANNOT TOLERATE OR TURN A BLIND EYE TO RACISM AND EXCLUSION IN ANY FORM AND YET CLAIM TO DEFEND THE SACREDNESS OF EVERY HUMAN LIFE.

At the same time, we have to recognise that “the violence of recent nights is self-destructive and self-defeating. Nothing is gained by violence and so much is lost”.

Today I join the Church in Saint Paul and Minneapolis, and in the entire United States, in praying for the repose of the soul of George Floyd and of all those others who have lost their lives as a result of the sin of racism. Let us pray for the consolation of their grieving families and friends and let us implore the national reconciliation and peace for which we yearn. May Our Lady of Guadalupe, Mother of America, intercede for all those who work for peace and justice in your land and throughout the world.

May God bless all of you and your families.

STATEMENT OF U.S. BISHOPS' PRESIDENT ON GEORGE FLOYD AND THE PROTESTS IN AMERICAN CITIES

May 31, 2020

WASHINGTON Archbishop José H. Gomez of Los Angeles and president of the U.S. Conference of Catholic Bishops (USCCB) has issued a statement on George Floyd and the protests in American cities that have taken place over the last several days. This follows the Friday statement from seven U.S. bishop chairmen of committees within the USCCB.

Archbishop Gomez's full statement follows:

The killing of George Floyd was senseless and brutal, a sin that cries out to heaven for justice. How is it possible that in America, a black man's life can be taken from him while calls for help are not answered, and his killing is recorded as it happens?

I am praying for George Floyd and his loved ones, and on behalf of my brother bishops, I share the outrage of the black community and those who stand with them in Minneapolis, Los Angeles, and across the country. The cruelty and violence he suffered does not reflect on the majority of good men and women in law enforcement, who carry out their duties with honor. We know that. And we trust that civil authorities will investigate his killing carefully and make sure those responsible are held accountable.

We should all understand that the protests we are seeing in our cities reflect the justified frustration and anger of millions of our brothers and sisters who even today experience humiliation, indignity, and unequal opportunity only because of their race or the color of their skin. It should not be this way in America. Racism has been tolerated for far too long in our way of life.

IT IS TRUE WHAT REV. MARTIN LUTHER KING, JR. SAID, THAT RIOTS ARE THE LANGUAGE OF THE UNHEARD. WE SHOULD BE DOING A LOT OF LISTENING RIGHT NOW. THIS TIME, WE SHOULD NOT FAIL TO HEAR WHAT PEOPLE ARE SAYING THROUGH THEIR PAIN. WE NEED TO FINALLY ROOT OUT THE RACIAL INJUSTICE THAT STILL INFECTS TOO MANY AREAS OF AMERICAN SOCIETY.

But the violence of recent nights is self-destructive and self-defeating. Nothing is gained by violence and so much is lost. Let us keep our eyes on the prize of true and lasting change.

Legitimate protests should not be exploited by persons who have different values and agendas. Burning and looting communities, ruining the livelihoods of our neighbors, does not advance the cause of racial equality and human dignity.

We should not let it be said that George Floyd died for no reason. We should honor the sacrifice of his life by removing racism and hate from our hearts and renewing our commitment to fulfill our nation's sacred promise to be a beloved community of life, liberty, and equality for all.

WORLDWIDE IMPACT

COVID-19

WHAT IS SOCIAL DISTANCING?

THE CENTERS FOR DISEASE CONTROL asked everyone to take intentional actions to avoid passing the coronavirus from person to person. Anyone who didn't feel well was asked to stay home. In day-to-day life, social distancing meant staying away from places people gather and staying at least six feet from other people. That meant no eating in restaurants, no movies or plays and no attending sports events. For younger kids, it meant no playgrounds, playdates or sleepovers. For adults, it meant no trips to the gym, salons or restaurants. The CDC also advised that people cancel all non-essential appointments, including surgeries or medical procedures that weren't critical.

SEVERE MEASURES

STATES WITH HIGH LEVELS of positive COVID-19 tests began issuing shelter-in-place orders. Residents were only allowed to leave their homes for essential tasks such as getting food or seeking medical help.

» HOW WE DEALT WITH THE SPREAD OF CORONAVIRUS

First steps

- Limited travel out of the country was a first step.
- Experts suggested self-quarantining for those who had recently traveled or were feeling sick.
- New cruise travel was canceled and passengers returning from foreign cruises were quarantined.

» HOW COMPANIES HELPED

- Many companies that offer online learning resources and services, started allowing teachers to use their resources at no charge.
- Adobe began making its Creative Cloud software available for students to use at no charge.
- Burger King started giving away free kids meals to help make up for children who are not being fed because they are not in school.

- U-Haul offered 30 days of free storage for college students who had to move out of their dorms with little notice.
- Many grocery stores began providing senior-only shopping hours so that older citizens could shop with less chance of being exposed to the virus.
- Big box stores, such as Walmart, adjusted store hours so employees could properly clean and sanitize the store and restock the shelves.

- Cosmetics and liquor companies both have alcohol on hand, and some opted to make hand sanitizer at their facilities.
- Companies, such as Apple and Facebook, that had extra masks left over from the California wildfires donated them to hospitals.

- Rudy Gobert and Donovan Mitchell, Utah Jazz
- Kevin Durant, Brooklyn Nets
- Christian Wood, Detroit Pistons
- Marcus Smart, Boston Celtics
- Numerous players and staffers from the Brooklyn Nets, Denver Nuggets, Philadelphia 76ers and Los Angeles Lakers organizations

Next steps

- Schools closed with varying reports of trying to resume later in the spring. Students began online learning.
- People who could began working from home and managing their homebound students.
- All sports — from Little League to professional — and entertainment including Broadway and television shows with a live audience, suspended operation.
- States limited gatherings — first large gatherings, such as conferences, and then even small gatherings of 10 or more people. This effectively closed restaurants causing many to convert to take-out only.

TOILET PAPER HOARDING

AS FEARS ROSE over the idea of shelter-in-place orders and quarantine, toilet paper became scarce as consumers decided to clear shelves of TP, hand sanitizer and cleaning supplies. Retailers resorted to limiting the number of packs that could be purchased at one time. We weren't alone, according to CNN, stores in Australia hired security guards to keep the peace in the TP aisles.

TP by the numbers:

- About 90 percent of the TP sold in the U.S. is also made in the U.S.
- The average person uses about 100 rolls each year.
- Approximately 75 percent of the world's population doesn't use TP.
- They do use TP on the International Space Station.
- Normal daily production is more than 83 million rolls per day.
- In the U.S., packaged TP first became available in 1957.
- One company advertised splinter-free TP in 1935.

BLACK LIVES MATTER

Diversity Committee

"The world is changing for the better", is a statement I keep seeing on the Internet followed by, "don't make people scared; police officers are only going to start something if you do it first; stop looting, and All lives matter". The following is my reflection on each statement and my conviction for why black lives matter:

"Don't make people scared and cause violence?". I have heard this statement more than once as a consequence of the riots and protests in response to the police killings of Brianna Taylor and George Floyd as well Ahmaud Arbery, Sandra Blaine, LaQuan McDonald, Travon Martin, Tamir Rice, and so many others. As an African American, I am scared for my life every day. I am afraid of the very people who say they are going to protect me and my people. But, what about all the violence those very same people inflict on us-African Americans, Black People, and People of Color?

"Police officers are only going to start something if you do it first". If this statement is true, then why are innocent people whose skin is black being killed? The only explanation that I can see is that my blackness represents a threat. When the police see my blackness; they see a weapon. The only question is why? Black people's loved ones are being taken away each and every day for no reason. Someone who calls that person mom, dad, sister, and brother are murdered at the hand of the police.

"Stop looting", you say stop looting. then stop killing black people! Stop putting us in a position of fear when we leave our homes, and do a little prayer when a police officer is behind our car. Then maybe, just maybe not only will all lives matter we can begin to understand why black lives matter.

During this time, I look to this verse for support and clarity. "Look, I am with you, and I will watch over you wherever you go, and I will bring you back to this land. For I will not leave you until I have done what I have promised"- Genesis 28:15

Respectfully,
Najaah Brandon
